

# SAAB GRANT FOLLOW-UP GIVING BACK TO THE COMMUNITY

Now that you've completed your SAAB Conference or Research grant, it's time for you to **give back to the Lewis & Clark community** just as they have given to you with a SAAB grant funded by student fees. In order to do this, SAAB requests that you present your experiences and/or findings in a venue open to all members of the community. Please fill out the information below to indicate your preferred method and return this sheet to the VP for SAA.

# SAAB GRANT PRESENTATIONS THE WHY, WHAT, AND HOW

If you are the recipient of a SAAB Conference or Research grant, you have just had a wealth of experiences that you can share with your fellow students. As a result, SAAB requests that you present your experiences and findings in an open forum for the Lewis & Clark community. This sheet will explain why SAAB requests this, what it entails, and how you might go about doing it.

---

## Why? Why do I have to give a presentation?

SAAB's funding for its grant programs comes from the student fees of all Lewis & Clark students. As a result, SAAB grantees benefit from funds contributed from the entire community. In light of this, it is only logical that everyone should be made aware of what their student fees went to fund. This is why SAAB requests that you present in some fashion to the Lewis & Clark community. Not only will you get to share the wonderful experiences and findings that you had doing research or going to a conference, but you will also be able to thank the very people that helped make it possible: your fellow students.

---

## What? What does such a presentation entail?

We are pretty flexible as to what form your presentation takes. Perhaps you'd like to do a slide show of your lecture experience overseas. Maybe you could play some music that you may have learned in your travels. Or perhaps you'll simply give a lecture on all of the fascinating research you saw at a conference. We only have a few guidelines that we'd like you to follow, but other than that, just follow your imagination!

- 1) Ensure that your presentation is open to all members of the Lewis & Clark community in an easily-accessible location.
- 2) Make your presentation interesting, interactive, and visual. Use slides, PowerPoint, and other such tools as much as possible.
- 3) Don't spend too much money on your presentation, if any at all; we don't want to bust your pocketbooks. Sharing should be free, after all!
- 4) Last but not least, have fun! The more excited that you are, the more excited that your listeners will be, too.

---

## How? How can I go about doing such a presentation?

Here are a few offices that can help you plan and set up a presentation.

Events Coordinator (x7109) - Schedules rooms and setup  
Instructional Media Services (x7290) - Lends equipment for use during presentations  
Student Activities Director (x7125) - Provides aid in event preparation

And as always, if you have any questions, please don't hesitate to contact SAAB at x7155 or [saab@lclark.edu](mailto:saab@lclark.edu). Good luck and have fun!
